**Subject:** Supporting Careers Education, Information, Advice and Guidance

Dear Parent/Carers,

We are currently working to develop our Careers programme at the George Eliot Academy. Access to high quality education, information, advice and guidance is an entitlement for all our pupils, which will help them to make decisions about their futures and plan their careers.

In recent months we have been working to provide 1:1 advice for Year 11 pupils, as well as increase the opportunities for students to visit workplaces. We are developing our programme of assemblies and our Personal, Social, Health and Economic Education curriculum to ensure that pupils are learning about the choices they will get to make and the options available to them, and to support them in developing their aspirations.

We know that our parents and carers work in a variety of different roles in Nuneaton and beyond, and we are especially keen to draw on your talent, knowledge, and experience in delivering the highest quality provision for our students. For that reason, I would appreciate it if you would be willing to complete [this form](#) so that we can begin to build a database of contacts within our community who may be willing to support the delivery of our programme. By completing the form you are not making any commitment, but rather letting us know how you may be able to support. We would contact you separately when organising activities and events.

The form is relatively brief and asks for your personal and contact details, your link to the school, the nature of your work, and how you or your employer may be able to support our work with pupils. Please do feel free to share the form with relatives and friends, or former students, if you think that they may be able to support, or if they work in an interesting sector.

Thank you, in anticipation, for your support. If you have any questions, please do get in touch.

Yours sincerely

**Sophie Smith**
